Joyce shared with us a poem, "When I'm an old lady & live with my kids", which was very funny. Joyce also asked if the auction money could go to the Hale Cemetery where Caswell & his descendants are buried. Barbara Young moved to give the money to the Hale Cemetery & Hal Williams seconded so it was approved.

Mike Armstrong our speaker
from Tyson Foods

Joe Ditmore ended the meeting by reminding everyone that the next day there would be the auction & so please bring small bills as it is so hard to make change. He also told that there would be a musical program on Sat.

Saturday 26 October:

Joe Ditmore called the meeting to order at 10:20 am & suggested that we have the auction first, which was approved.

Our cousin David Reed, a real auctioneer, from Fredonia, KS conducted it & it was so much fun & lively. He got all of us really going & managed to raise \$266.50 for the cemetery; thanks to Joe Ditmore, who can't stand odd numbers, he donated \$3.50 to bring it up to \$270.00. Thanks Joe.

The reunion treasury added \$30.00, by vote of the members, to bring it up to \$300.00. Thanks David for the great job.

Our cousin Inez Babcock of WA State & her friend Millie Baumgartner gave a marvelous singing performance for us, which was very much appreciated & enjoyed.

Joyce expressed her appreciation for all of those who came.

It was decided to have the reunion next year on Fri. Oct. 3rd & Sat. Oct 4th 2003, because of all the activities going on later in the month.

A Family Is a deeply rooted tree with branches of different strengths all receiving nourishment from an infinite source.

A PERSONAL NOTE

Bill Humbard was to me the patriarch of the Humbard Family. It is thanks to him that the Humbard Reunions are held in the Midwest. He came to all of these reunions until his health would no longer allow it. They don't make them like Bill any longer. The world is a much poorer place without him, and he will be sorely missed.

BABB FARM CEMETERY

As treasurer of the cemetery, I am pleased to report a little over \$3300 in the bank. We have \$2600 in a Certificate of Deposit & \$739 in a regular checking account. Our C.D. matures in June of this year. At that time I will add part of our checking account money to the C.D. Interest rates have been so low that I keep renewing our C.D. every 6 months hoping the rates will get better & it will be to our advantage to increase the length of time.

We do not have any outstanding expenses & I do not know of any expense in the near future. Our mowing expense for this season has been paid in advance. We pay \$250 annually & feel this is really a bargain. The only other expense this year has been \$20 for the annual report filing fee to the state of TN. We pay this each year. Our last contributions were received at the 2002 reunion held at Davey Crockett State Park, Limestone, TN.

We are working towards getting enough money on hand to pay our expenses from the interest money. We have quite a ways to go but hopefully it will happen soon. Our largest contributions to date has been \$250 & any amount is sincerely appreciated. Who knows, someone may turn it loose on us anytime—I stand ready to receive the big bucks & any amount.

Our cemetery has been chartered by the state of TN. since 1997. In the same year, our cemetery was declared exempt from donors having to pay Federal Income tax on donations. Please consider this when you think about donating to the cemetery.

If you have questions or any comments, please contact me in one of the following ways.

Editors Note: The above was sent to Arless to read at the May reunion as Hugh could not make it this yr. In an added note to me: Arless thought they had a good reunion but the local turn out was less than expected—the out of towners attendance was good. Auction money was divided equally between Mt. Bethel & Babb Farm cemeteries. \$183.50 each & someone added money to ours & we received \$200.

ATTENTION - ATTENTION VERY IMPORTANT

A SPECIAL THANK YOU

6-8-03
Dear Humbard Family,
Thank you so much for letting us have the Auction money for Hale Cemetery last year. So far we have had the leaning monuments straightened and repaired on all Humbard graves. We are also buying Joy's sod to start on new graves such as Jay Dee's and our Hayden Cousins. (Children of Flora Humbard Hayden) We are hoping to get this nice grass on the others also by plugging or pieces of sod. Since some work was donated and the mowing is paid by Mottley donations I also made a donation for upkeep. Thanks again
Carol Co. Ar. Cousins.

A thank you from Joyce Dickinson for our contribution to the Hale Cemetery

vs
John Dodd

Petition for Divorce from
the bonds of Matrimony etc.

The petition and affidavit of Sarah Dodd by Michael Bright her next friend against John Dodd were exhibited by Samuel Powel attorney for the petitioner praying a divorce from the bonds of Matrimony and for alimony upon consideration whereof it is ordered by the Court that said petition be filed and that a subpoena issue according to act of Assembly - the petitioner first giving bond with sufficient security for the payment of costs -

Whereupon a subpoena to answer said petition was issued on the 3^d December 1818, Commanding the said John Dodd to appear at said Circuit Court to be held in the Court House in Greenville on the first monday in March next thereafter and answer the petition aforesaid - At which time said subpoena was returned with the sheriff's return endorsed thereon as follows "R. d 9th Dec^r 1818, Executed made known to the said John Dodd by me 7th January 1819 - H Carter Shff"

The Answer of
John Dodd

The Defendant saving to himself all manner of advantage & benefit of exception to the imperfections & untruths in s^d petition contained, for answer thereto or so much thereof as the defendant is advised is material to be answered unto, answering saith that he admits he was married to the said Sarah in Frederick County Virg^a in the month of February 1787 as well as he now remembers

321

and this Defen^t positively says at the time he married said Sarah he was a minor & under twenty one years of age and at the time of said Marriage he was an apprentice to Tho^s Ellis to learn the trade of a blacksmith - This Defendant further answers that at the time of said marriage he was destitute of any property as well as the said Sarah who had or possessed no property - This Defendant

further answers that not long after s^d unfortunate marriage this Defendant commenced housekeeping with said Sarah and this defendant soon discovered her possessed of an excessively turbulent temper & not disposed to aid this Defendant by her exertions to gain a living and during the term they lived together for three years thereof said Sarah only made the Defendant one shirt & one pair of stockings and a great portion of the time she lived with this defendant he was compelled to cook his own victuals or starve - This Defendant further answers, that sd Sarah & this Defen^t only kept house together three years & one half & which was spent by this defen^t in the most unhappy condition and at the time & before of his separation with s^d Sarah she threatened this Defendants life and did actually beat this - Defen^t with a yard stick, she then absented herself leaving this defendant with his two children & this defendant believes she was then pregnant with a third, of which she was (as this Defendant has been informed) delivered in about eight months after their separation. This Defendant most positively states, that she never had four children to this Defendant, but only three but this Defendant states most positively that about five years after their separation & whilst s^d Sarah resided in s^d County of Fred^k & this Deft. in Greene County State of Tennessee, the said Sarah was delivered

322

of a base born child whose father was named Cumberland Ferguson, as she said and which makes the number four, but only three of which this Defen^t by any possibility could only be the father of & this defendant was informed by respectable persons, that she often sent word to him that she had a child & said Ferguson who she alleged was a white man This Defendant further answers that at the time he left said Sarah in Virginia, he left her in possession of everything he owned & possessed, except one horse beast which he brought to Greene County & this Defen^t came to Greene County in the fall of the year 1792 & in the same Winter she followed this the Defendant & this Defen^t gave said Sarah the mare which he brought with him which was the only property he then possessed, and then she exchanged the mare for one of less value & not long after returned to Virginia whither this Defendant had went & as soon as she returned without cause or provocation processed this Defen^t to be arrested with a State Warrant with design to harras and vex him.

This Defendant ought to have stated that when she & the Defen^t ceased keeping house, he bound out to good Masters his two children which she then had been delivered of & they were placed in respectable families & in a situation to be better taken care of, than if left in her possession & it is utterly destitute of any truth that this Defen^t left his children to be supported by her industry (for she had none) & by the charity of her friends.

11.410-29

This Defendant further answering that he returned from Virginia in the fall of the year 1794 & has never been there since - that in the year 1795 he was often informed that said petitioner Sarah had died in Virginia & in particular was so

323

informed by M^r Tho^s Brabson & other persons whose names he cannot now recollect, & for several years had no other information or belief but such was the truth, that being well satisfied of the truth of the information he rec^d for more than two years previous to his marriage with Sarah Stonecypher his wife. He married said Sarah Stonecypher in the said County of Greene in the month of February 1797 that with he has lived happily & raised a family of children & has several grand children - that what he has procured in the world has been with said Sarah Stonecypher & she has aided this Defen^t all in her power to produce their mutual comfort & happiness - This Defendant further answers that said Sarah returned to Greene County again in the year 1817 or thereabouts, that she has vexed this Defen^t with law suits and compelled him to pay \$34 dollars including costs to one Henry Earnest, besides the sums decreed by this Honb^{le} amounting to One hundred dollars besides costs & to raise said money this Deft has been compelled to suffer his lands to be sold - This Defendant prays hence to be dismissed with his costs most wrongfully sustained

21 Dec 1926 -- 17 Sep 2001
Requiescat in Pace !

METSIE HUMBARD DENNIS, age 74, of Little Rock, passed away Monday, September 17, 2001. She was the daughter of Irvin Allen Humbard and Edith Lois Woodring. She was a retired nurse with twenty years of service at St. Vincent's Hospital. She was a homemaker, mother, military wife, and loved her family. Her only hobby was family genealogy.

She was preceded in death by a son, Norman Samuel Miller. Survivors include two daughters include two daughters, Linda Faye Miller Moore, and Tena Gale Dennis; two wonderful granddaughters, Meredith Faye Moore and Lindsay Gale Moore; four sisters, Virginia Humbard Egan, Nina Humbard

Inman, Betty Humbard Hankins, Jane Humbard Manning; and a brother, Jack Allen Humbard. Metsie was Aunt "Faye" to many nephews and nieces.

There was a family gathering on September 20, in the chapel of Griffin Leggett Healey & Roth, with Rev. Robert Inman officiating. Burial followed at Henderson Cemetery in Pangburn, Arkansas.

*Obituary from Little Rock Newspaper
Provided by Linda Moore*

My husband & I would like to say how very much Metsie contributed to the Humbard Family Newsletter over the yrs. It was at her suggestion that more family things be included in the newsletter which we have tried to do. In the past we have included her stories, which gave all of us a lot of pleasure, & a pedigree chart, and she made sure we gave credit to those in the family who had help her obtain the information.

*We first met Metsie in 1994 at the Stonecypher Reunion in TN. She was a very faithful to the Humbard Reunions & she made all of them, the first one being 1995. My lovely, Humbard Morelock, cousin is & will be missed.

Barber Shop Quartet, which were some very nice ladies that got together just because they love to sing. They were really good.

The auction did very well, but there were some items left so Joe Ditmore had found out that our cousin David Reed is an auctioneer so David auctioned off all the rest. It was quite a treat listening to him & everyone enjoyed it so much they hope that he makes the next reunion.

It was discussed & voted on as to what cemetery would get the auction money, which we had been doing for 2 yrs. So the vote was to send it to the Cox Cemetery in Dallas, Texas which has been vandalized. Barbara Young also told us that it was going to get a Historical Marker as it was est. in 1848. Absalom Humbard donated the land as it is near White Rock Lake & so was his farm.

Now it was time for a business meeting as to where the next reunion would be or if there

would even be one. Carlotta explained that someone has to find a place or in other words do the leg work which requires a person living in area. No one wanted to do it so again it was explained that if the reunion is allowed to stop the chances of starting it up again would probably not happen. So Joyce Dickinson said that she would chair it again in Berryville, Arkansas.*

ACKNOWLEDGEMENTS

In his work as a minister, my dad has had the occasion to sit beside many a death-bed. I remember him saying once that the thing he heard so often from the dying was a fear that they would be forgotten. This fear may actually be well founded, for by the time I was born my paternal grandparents had all but been forgotten. My dad knew that his parents had come from Kentucky but he didn't know the names of either set of his grandparents. Because of his situation in life he had not heard much about his extended family. He knew his brothers and sisters and to us they *were* the Ditmores. So to our family the Ditmores were just a small family with an uncommon name with apparently no history beyond Kentucky in the early part of the 1900's. It seemed to me as though we had almost just suddenly appeared on the face of the earth out of no where.

One day when I was in about the third grade my class was studying about our nation's history & I well remember thinking that unless your name was in a history book, you would live & die & no one would ever remember your name. It was apparent there weren't any Ditmores in our history books. Yet, if you read between the lines & look at the history of this nation it is families like ours that make up its backbone. We have been here for two hundred years. We were the soldiers who fought in every war & conflict this nation has been involved in; we were the pioneers who

charted unknown territories moving west to the very edge of an emerging nation & then moving again & again as each generation pushed forward, finally reaching the Pacific; we were the mothers who gave birth to large families, who worked in the home, raising their own food, & making their family's clothing, soap & medicines; we lived in log cabins & sod dug outs; we were the farmers who helped feed this nation; we were the shopkeepers who made sure folks had their staples; we were the pastors that reminded their flocks that there was something beyond this earthly life; we were the teachers who taught the generations. Our story is the story of America & there's no reason who any of us should be forgotten.

vived by four children, 29 grandchildren, great-grandchildren, and three great great great grandchildren. Her husband, Arthur Humbard, died August 30, 1891, at the farm home, which is five miles due west from Sarcoxie, at the age of 68. Five children also have preceded Mrs. Humbard in death.

Anna Perry Stanford was born in Alabama, January 1, 1826. She was converted at the age of 16 and has been a member of the Methodist Episcopal Church South, since. She was married in Tennessee in 1844. The family came to Jasper County in 1850 and settled on the farm on which the couple lived until their death. At the time of Mr. Humbard's death the farm consisted of 400 acres. The children who survive Mrs. Humbard are; Perry and George Humbard of Sarcoxie, Mrs. George Sparks of Bower Mill and Mrs. Elizabeth (Isabella) Stanford who lived near her mother.

2. Aden Humbard (John, Aden, Samuel) married Rachel Hybarger, daughter of Jacob and Lydia Humbard Hybarger. Previously Rachel Deford was listed as his first wife. I sent for Aden Humbard's pension paper. Aden's second wife Margaret Schoot stated that Rachel Hybarger was the first wife of Aden Humbard.

Dear Ms Bates,

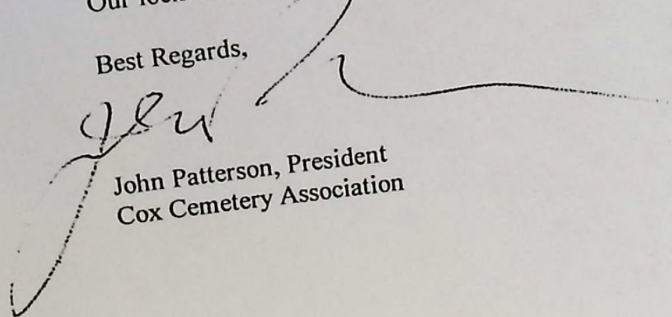

The Cox Cemetery association and all the families who have family members there thank you and your family organization for the generous gift towards the completion of the fence around Cox Cemetery. We have just finally completed the fence and have a little landscaping and dirt work yet to do, but our increased security has already started paying off. We will soon begin setting up and repairing our marker stones (again) and have had enthusiastic support and compliments from the neighbors in the White Rock area. We could not have handled this project without the support of your family and all the others who helped. Timing was important too. We needed the support all at once so we could contract for the job and get it finished since we had to remove the old fence.

I especially want to thank Ms Ditmore, Ms Young, Mr Wilkes and Ms Smith. Mr bill Humbard was one of our first contributors to the project when we had no idea where the rest of the funds would come from.

I will put you on our mailing list so your family can keep up with Cox "goings on".

The Humbard area is easy to find, in front of the cemetery, so tell all your members that they are welcome to visit,
Our lock combination is 9318.

Best Regards,

John Patterson, President

THE HUMBARO FAMILY REUNION

Notes on 2004 Reunion

Fri. 22 Oct 2004

Betty Patton called the meeting to order & asked Jill Jackson to give the prayer.

Norma Woods was our speaker & she told the following stories about the following families: Phillip Babb who lived in Tennessee was a drinker, his wife Betty, who got tired of him being away every night, decided to follow him to the Bar. She got dressed up, walked in ignoring him & ordered a drink. When she ran out of money she went & asked him for more. He

Association Director **Betty Patton**, using a beautifully prepared lineage chart, explaining her descent from the Golden Family

said that he thought that it was time to go home & he never went to the Bar again.

Absalom Stoneciper borrowed money to buy horses that he was suppose to bring back to those that gave money for them, but he took the money & never returned to Tennessee.

Samuel Humbard's wife Sarah Painter Humbard brought her loom with her from Virginia. It is now in the Dixson-William Museum in Greeneville, Tennessee.

The Rhodes Family: They are buried on a farm in Blue Eye they were killed by raiders or bushwhackers.

REUNION NOTES

Contd. from page 1

Norma also told about the Babb Family 2004 Reunion in Greeneville, Tennessee. The Babb Family have started restoring the old Grist Mill.

William Stacy told of a lady whose horse was taken during the War between the States. This Judge took her horse & she called him a horse stealer. The Judge lived in Berryville, Carroll County, Arkansas. Some Humbard men stole horses from the Indians & then sold them back to the Indians.

Afternoon session was spent with different ones telling their family lines. There were 30 in attendance.

Saturday 23 Oct 2004

First was the auction which brought in \$86.00, Jack Cisco was nice enough to be the auctioneer again. It was voted on to be sent with \$214.00 from the treasury to Hugh Babb for the Babb Farm Cemetery where most of us have ancestors buried.

Next was the business meeting for the 2005 reunion.

It was decided to have the auction on Friday instead of Saturday as some people leave on Saturday. Also the dates were decided on for the 14th & 15th of October 2005. It was again

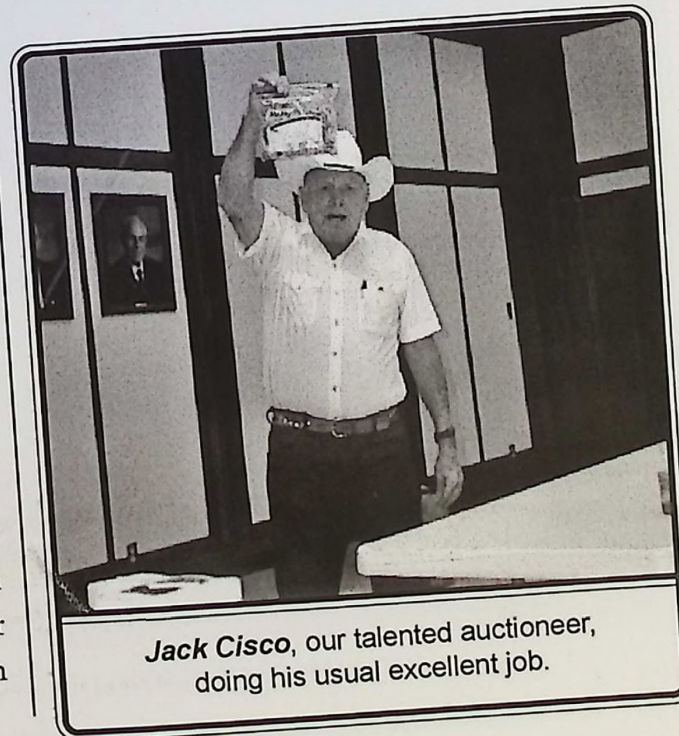

suggested that those that want to eat together bring pot luck otherwise some of us go to the Ozark Café in Berryville.

New officers were nominated & elected. Your new officers are as follows:

President:	Norma Woods
Vice President:	William Stacy
Chairman:	Offie Lindt
Treasurer:	Carlotta Bates
Secretary:	Open
Newsletter:	Jamie & Carlotta Bates

There were 23 in attendance.

Judy Hollis was nice enough to be the secretary for this meeting & we thank her very much.

HUMBARD REUNION LEE'S SUMMIT, MISSOURI 2005

Our cousin Deanna Wishon arranged a room for a reunion in Lee's Summit, Missouri. This reunion was a success in spite of the weather there were 20 in attendance. Except for Carl Woods, Ray Hollis, Jerry Hollis & Carlotta Bates who spell the name Humbard, the rest use the spelling Humbird. It was great fun meeting these new cousins. It was held the 11th of June 2005, a Saturday. Deanna had purchased a copy machine so the day was spent visiting, sharing & copying information. It would be nice to have more reunions in different places to reach those that for whatever reason can't make the Berryville one.

UPDATE ON THE BABB FARM CEMETERY

We had a nice note from Hugh Babb thanking us for the \$300.00 check donation. He said, "*Donations have declined & it is really good to at least hold our own each year. Interest rates have been so low for the past few years, that interest has not amounted to anything much. Also the attendance has been down on those reunions in the East the past 4 years or so.*" Hugh then thanks us again for the generous donation on behalf of the Humbard association.

HUMBERD/HUMBERT/HUMBER FAMILY

Ca 1777, Samuel Humbert with his wife Sarah (Painter) Humbert emigrated from Spears Ferry, VA into NC, now TN. Four children are known: Aden; Sarah; Johnathan & Elizabeth. Tradition says there were two more: "Big Bill" & "Big Sam". These two sons continued into what is Knox Co. & there is nothing really known about them. The family was then: William "Big Bill"; Samuel "Big Sam"; Aden m Rachel Stonecipher; Sarah m Absalom Stonecipher; Elizabeth m Philip Babb & Johnathan m Mary Babb.

The family occupied a fifty acre parcel east of Walkertown. In this valley, Joseph Hawkins shot his neighbor, Absalom Stonecipher, whom he mistook for a deer. David Crockett tells in his Autobiography that Stonecipher was gathering wild grapes. He was wearing a red shirt. Hawkins was hunting near by. He saw the bushes shaking & a glint of red. He thought that a red deer was feeding so he fired & the rifle ball struck Stonecipher.

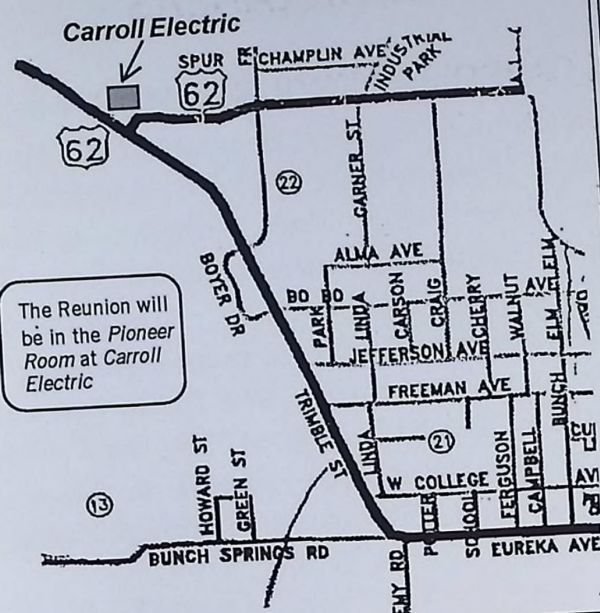

Absalom was taken to the Humbard home where he was nursed back to health by Sarah Humbard & that is how they met & then married.

Letter from **Merton Grills** the Family Historian from Indiana. Merton was researching the TN Humbert's in 1911. He descends from the Humbard's that left TN.

Reunion Notes

Fri. 3 October: William Stacy opened the meeting & gave the prayer.

Joyce thanked William for the prayer & apologized for the late start but was waiting to see if there would be some late arrivals.

We had a minute of silence for our departed family members. Joyce told us that her speaker had let her down so there would not be one.

Everyone introduced themselves & told who they descended from. William Stacy told some of his very funny family stories, & then told

us about his genealogy, how he started & how hard it was to find information.

11:15 am: Business Meeting was held and your new officers are listed on page 3.

As you can see we need some more of you to get involved & take an office.

Joyce suggested everyone bring food to share & we would all eat together instead of going out to eat. The family voted to do this, so next year bring food to share with all of us.

Lunch break: 11:45 am back at 1:30 pm:

Alfred Cisco & she asked Jack Cisco if it was a relative of his in the Berryville area.

William Stacy told some more of his funny stories, those of you who missed this reunion missed some really funny stories.

Joe Ditmore told some of his family stories & about his Ditmore Family Reunion. Joe also announced that Jack Cisco would be the auctioneer on Sat. 4 Oct. & to bring small bills as it is not easy to make change.

Leon Humbard told a funny story about some men that he knows.

Joyce asked for ideas & suggestions to make the Humbard Reunion more fun & enjoyable. So please all of you who have ideas let her know.

Joe Ditmore reminded us that if more of you do not come, the reunion will cease to exist so please make an effort to make the one in 2004, as each year there have been fewer attending. We need to get younger ones interested as so many of the family has died or are not in good health.

Joyce then asked for money to give her friend that loans her the P. A. system, the figure was set at \$30.00. Jack Cisco passed the hat & collected \$50.00 so the difference of \$20.00 was to go with the auction money to send reminder cards closer to the reunion date to those that intend to come.

Joyce Dickinson called the meeting to order & said the auction would be held first.

Jack Cisco went to the mike as acting auctioneer. He had never done anything like this but did a wonderful job & kept us all laughing. The auction brought in \$135.00 which is not bad when there were only 21 people there & of course not everyone bids. Thank you, Jack.

The registration paid at the door was \$140.00 & our expenses were \$28.42 which covers the cost of the coffee, soft drinks, paper plates, napkins, cookies, candy, cups & coffeemate, etc. to go in the coffee.

The next reunion dates will be Friday the 22nd & Saturday the 23rd of October 2004, mark your calendars & we hope to see you there in Berryville, Arkansas.

James "Jimmy" Wilkes

Jimmy was born on February 19, 1925 and died on November 25, 2003. His great grandfather was Absalom Humbard. His mother was Gertrude Humbard Wilkes and his father was Irvin Ernest Wilkes. He had one brother, Walter Wilkes, who died several years ago, and a sister, Martha Wilkes Vernon. He had eight nieces and nephews.

He served in the Army Air Corps in World War II, and after the war, went to SMU, where he met and married Jaquelyn Fisher. They had one daughter, Wendelyn Wilkes (me). Daddy worked for Norton Company

for most of his career. He retired to the farm, which he enjoyed. He loved photography, fishing, and being with his "girls"—Mother and I. Golf was also a joy. In the past two years, he began to learn about computers, and the morning he died was on line researching the type of new computer he was going to buy.

He was an honorable, intelligent man, with infinite patience and laughing eyes. During my last visit home, he told us that he enjoyed his life but had done most everything he wanted to do, and was curious about what existence would be like after death. He was a wonderful father who will be dearly missed.

Submitted by Wendelyn Wilkes

Editor note: I met Jimmy in 1994 at the Stonecypher Reunion in TN. He attended all of the reunions when he was able. I will certainly miss him as he was such a sweet person who to know him was to love him.

Bonita "Bonnie" Brown

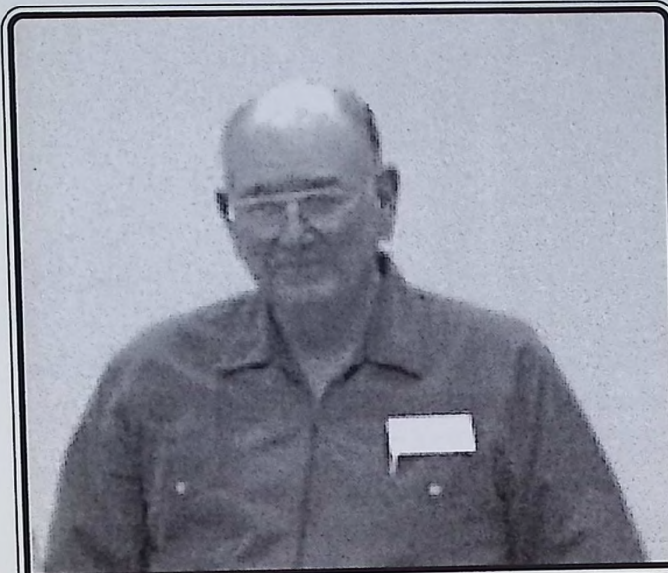

Bonnie died March 5, 2004 in Carlsbad. She was the wife of Pryde Brown, brother of Willadine Ditmore. She had suffered from Alzheimer's for many years. Those of you who attended the Humbard Reunion in Roswell, NM will probably remember her. She had such a sweet smile for everyone.

western Oklahoma. While in South Korea in 1960-61, Joe founded the first Boy Scout troop in Korea.

He retired with the rank of master sergeant after 20 years of service, and moved to Roswell. Earning a teaching degree from Eastern New Mexico University in 1974, Joe taught sixth grade for 15 years at Pecos Elementary School in Roswell. After retirement, he enjoyed travel, family history, Route 66, lore and work with his church.

Joe married Marie Willadine Brown of Bellview on February 14, 1944. He is survived by his wife, of the home; daughter, Jo Andrith Davis of Center, Colo.; and son, Terry Steve Ditmore of Roswell; a brother, Vernon Ditmore of Newport Beach, Calif.; four grandchildren, six great-grandchildren, two great-great-grandchildren; an uncle, Williard Pennington of Shallowater, Texas; and numerous nieces and nephews.

He was preceded in death by brother Orval Ditmore and sister Luella Ditmore Powers.

Editors note: Joe Ditmore will indeed be missed as no one did more to make our Reunions grow and last. Joe was not a Humbard (his wife is) so this makes his contributions even more appreciated.

Carlotta Bates.

FIRE BURNS 160 YEARS

Greeneville, Tenn.- A fire has been kept burning in an old fireplace in the old Humbert home nine miles out of Greeneville for 160 years.

It was kindled when Adrian (Aden) Humbert moved into the log house in 1785. The house was new then. That section was wilderness, Indians lurked in the pine thickets.

Some of the Humbert family have lived in the house on down through the years. They have kept the fire kindled summer and winter.

Sam Humbert a great grandson, lives in the old place now. I was out there today. Often I have heard of these fires that gave warmed hearthstones of old homes in east Tennessee for a century or more. This is the first one I have seen.

We stopped in the yard, Willis Jaynes, a

Greeneville Attorney, and myself. A wisp of smoke was coming out of the old rock chimney top. The air smelled pleasantly of burning wood.

SENTIMENTAL FEELING

Sam Humbert invited us in to see the fire. He had it down to a few live coals and live embers burning from three small chunks of dogwood and apple tree.

It gives you a sentimental feeling to look at one of these fires. There are the old hearthstones worn slick by the bare feet of scores of children, and parents too, who have warmed by the fire. There are the old side faces of the fireplace, and you let your mind try to think of the children leaning against them. And there's the old fireboard where the old clock sat, and ticked the years away.

This old Humbert fire was like that before George Washington was president, a long, long

FIRE BURNS 160 YEARS

time. Yes it gives you a sentimental feeling to look at one of these perpetual fires. A feeling of the everlastingness of the ties of warmth and love of the family fireside.

Sam tends it carefully during the summer months. He keeps it so low there is barely any heat at all to add to the summer heat of the room. He has left the fire alone for several days in a stretch. Always, though, he has covered it with ashes so live coals and embers are there when he comes back.

Sam doesn't know what will become of the fire when he is gone. He is the last of the direct line of the Humberts that have lived in the house. He has no children. He is a bachelor.

STROLL

He got sick. They took him off to a city hospital. No one was left at home to keep the fire kindled. It went out.

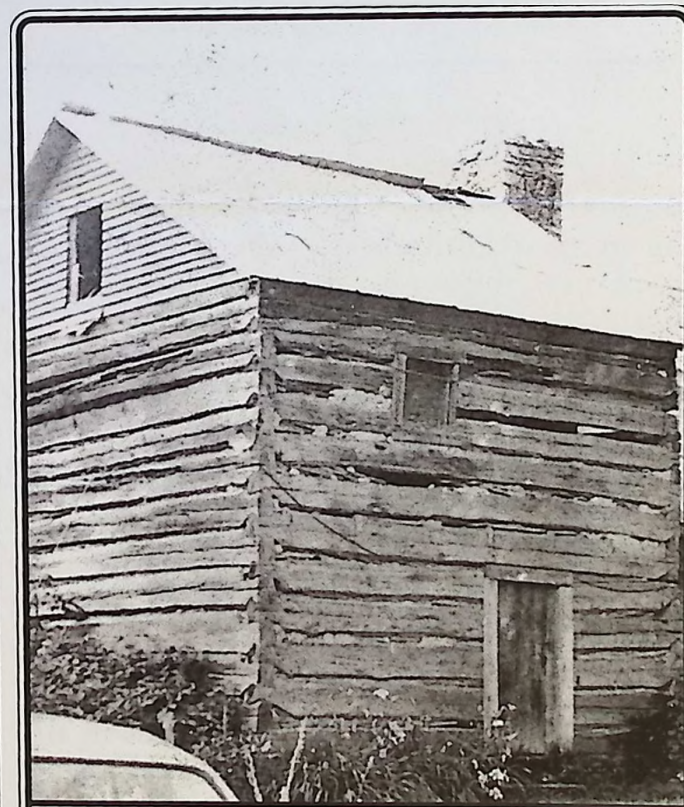

Sam Humbard wore a long beard when I knew him and when he had his hearthfire burning. He had the most sorrowful eyes. Mrs. S. L. Humbard, the aunt, and the mother of the late John Humbard, the road builder, says the story is that when a young man, Sam was head over heels in love with a Greene County girl. When she married another man Sam said he'd never shave again. And he didn't. But when he got in the hospital the nurses did shave him.

Sam didn't go back to the old home after he lost his beard and after his fire was out. He spent some time in Florida, then came back

to Greeneville where his recent illness ended in his death.

The Humbard hearthstone fire was carried as live coals in a bucket by the Humbard family when it migrated from Virginia to Greene County. I'm not certain when that was. Seems though, that Sam has told it was before the Civil War.

This was printed in the paper, apparently shortly after Sam died as it reads like a memorial. I do not know for sure who wrote this. Carlotta

too—as he was running within an inch of his life. This alarmed me, and I screamed out like a young painter. But Kendall didn't stop for this. When he came to the water he plunged in, and where it was too deep to wade he would swim, and where it was shallow enough he went bolting on; and by such exertion as I never saw at any other time in my life, he reached the canoe, when it was within twenty or thirty feet of the falls; and so great was the suck, and so swift the current, that poor Kendall had a hard time of it to stop them at last. But he hung on to the canoe, till he got it stop'd, and then draw'd it out of danger. When they got out, I found the boys were more scared than I had been, and the only thing that comforted me was, the belief that it was a punishment on them for leaving me on shore.

Shortly after this, my father removed, and settled in the same county, about ten miles above Greenville.

There another circumstance happened, which made a lasting impression on my memory, though I was but a small child. Joseph Hawkins, who was a brother to my mother, was in the woods hunting for deer. He was passing near a thicket of brush, in which one of our neighbours was gathering some grapes, as it was in the fall of the year, and the grape season. The body of the man was hid by the brush, and it was only as he would raise his hand to pull the bunches, that any part of him could be seen. It was a likely place for deer; and my uncle, having no suspicion that it was any human being, but supposing

I saw my father draw a silk handkerchief through the bullet hole, and entirely through his body; yet after a while he got well, as little as any one would have thought it. What become of him, or whether he is dead or alive. I don't know; but I reckon he didn't fancy the business of gathering grapes in an out-of-the-way thicket soon again.

The next move my father made was to the mouth of Cove creek, where he and a man by the name of Thomas Galbreath undertook to build a mill in partnership. They went on very well with their work until it was nigh done, when there came the second epistle to Noah's fresh,¹ and away went their mill, shot, lock, and barrel. I remember the water rose so high, that it got up into the house we lived in, and my father moved us out of it, to keep us from being drowned. I was now about seven or eight years old, and have a pretty distinct recollection of every thing that was going on. From his bad luck in that business, and being ready to wash out from mill building, my father again removed, and this time settled in Jefferson county, now in the state of Tennessee; where

he opened a tavern on the road from Abbingdon to Knoxville.

His tavern was on a small scale, as he was poor; and the principal accommodations which

THE HUMBARD / HUMBERT / HUMBER FAMILY

(The Ed. is very appreciative of the following information which was given to him in the form of a letter from Merton V. Grills, " Humbert Family Historian, " who was eighty-five at the time of the letter, to Jesse D. Humberd of Chattanooga, Tennessee. The letter was written 14 Aug 1956).

Ca. 1777, Samuel Humbert, with this wife Sarah (Painter) Humbert, emigrated from Spears Ferry VA into NC, now TN. Four children are known: Aden; Sarah; Johnathan and Elizabeth. Traditions says that there were two more: " Big Sam " and " Big Bill. " These two sons continued southwest into what is Knox Co. The family was, then:

1. William (Big Bill)
2. Samuel (Big Sam)
3. Aden m. Rachel Stonecipher, 3 Aug 1793, Absalom Stonecypher Bond
4. Sarah m. Absalom Stonecipher, 10 Mar 1796, Greene, Lanty Armstrong Bond
5. Elizabeth m. Philip Babb, 17 Feb 1785, Greene, John Newman Bond
6. Johnathan m. Mary Babb, 10 Mar 1786, Greene, William Humberd Bond

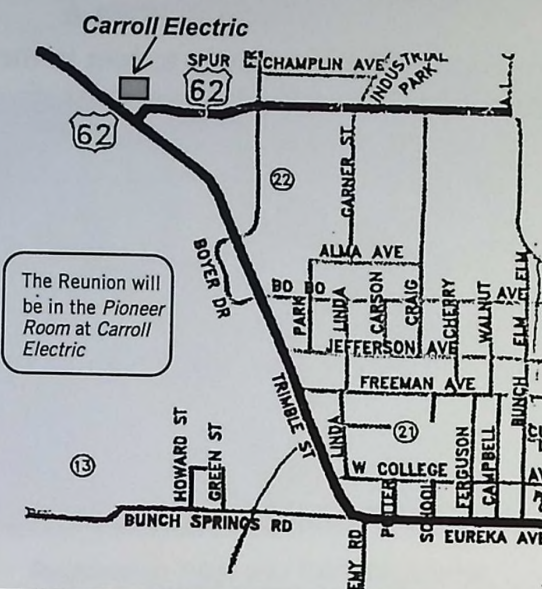

Samuel Humbert and his family occupied a fifty acre parcel of land just east of Walkertown (on today's map). The grant was executed in Oct., 1777. It mentions the land adjoined the property of said Humber, so he was already in Greene Co. before this date.

Samuel's daughter, Elizabeth, married Philip Babb. He was the son of Thomas Babb of VA and the grandson of Peter Babb of England. There were eight children — William, Abner, Phillip, Samuel, Rebecca, Elizabeth, Rhonda & Hannah.

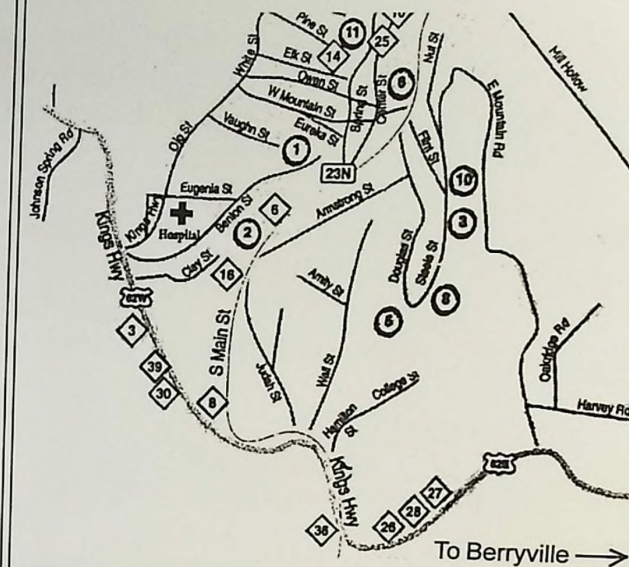

Samuel's son Johnathan married Mary Babb, a sister of Philip. Johnathan was a powder maker in partnership with his brother Aden. They used the water from the Humbert Spring to propel the overshot wheel. The course of the race, the site of the mill and the site of Johnathan Humbard's log house were still visible in 1956.
